

PRESS RELEASE

ProjectCentre named a winner in the 2009 Deloitte Technology Fast 50 program

Sydney, NSW December 2009:

ProjectCentre has been named a winner in the **2009 Deloitte Technology Fast 50** program, and has been ranked 36th on the list.

The **Deloitte Technology Fast 50 Australia 2009** is a program that recognises fast growing technology companies. The program is now in its ninth year in Australia and ranks 50 public or private technology companies, based on percentage revenue growth over three years (2007-2009). The Deloitte Technology Fast 50 is part of a global Fast 500 series of programs. Deloitte provides audit, tax, consulting and financial advisory services to public and private clients spanning multiple industries in 140 countries.

Joshua Tanchel, Leader of Deloitte Technology Fast 50 Program, says that this year's list is a celebration of companies who have faced the challenge of difficult economic conditions and triumphed. "Our program recognises 50 organisations who are some of the most resilient in the Australian technology industry. Despite significant disruption to normal business conditions over the last 12 months, this group of companies managed to stay focused and prosper in the face of increased uncertainty and complexity. These companies are truly inspirational in the way they have looked for opportunities in a constrained and cautious market and strategically readied themselves for better times ahead".

ProjectCentre software is a web-based collaborative project delivery system, which offers project management, document control, contract administration, and financial management solutions. ProjectCentre has grown by 73% the past three years. ProjectCentre's strategic goals include becoming the market leader in providing online collaboration and project delivery solutions.

ProjectCentre is currently playing a critical role in the management and delivery of the Australian Federal Government's \$14.7 billion Education Revolution, as well as projects for the Australian Department of Defence, SA Water/Adelaide Aqua, Sydney Metro, the Sydney Ports Corporation, the Australian Rail Track Corporation, Westfield, Crown Casino and the Perth Arena.
